

Professional Education Sector Consultancy & Business Development Services

CES support education institutions and organisations to implement effective and efficient education practices across secondary, vocational, further and higher education sectors both in the UK and internationally.

By providing a comprehensive range of consultancy and project management solutions, and applying our wealth of experience in delivering development and strategies, we help to enhance the pedagogical and business processes of your school, college or university.

Helping you and your organisation to move forward and thrive in today's complex and rapidly changing environment.

Working With Our Clients

Our consultants pride themselves in their flexible approach to each project, and work closely with each of our clients to ensure that the services and expertise that they receive are appropriate to their requirements. Here we have detailed some of the ways in which we can work with our clients:

Education & Consultancy Providing Positive Direction

CES work with your organisation to identify key areas for improvement before preparing a comprehensive strategy to resolve issues and enhance your institution's performance.

We perform one-off projects or develop project programmes or portfolios as required. All of our work is achieved by following professional project management practices and is seamlessly integrated into your organisation's existing systems.

Our interventions are designed with foresight; our positive change structures are constructed for sustainable future growth.

Our Services Include:

- Curriculum & blended learning environment creation and development.
- ICT deployment including learning network platforms (LN/VLE), actionable business intelligence (BI) systems and education CRM.
- Management of positive organisational change & progression.
- Government policy & programmes strategy alignment.
- Technology transfer strategies.
- Formation of social & business partnerships through strategic links between education & private enterprise.
- Staff development & training, employer engagement & skills expansion.

CHES – Develop Excellence in Higher Education

We understand that higher education is a specific, rapidly changing environment. CHES, or Creative Higher Education Solutions and Services, provides a specialist suite of services for tertiary sector institutions.

We recognise that HEIs need particular experience and expertise to meet the increasing range of challenges specific to these organisations. CHES consultants have a wealth of experience across a wide range of institutions from smaller humanities-focussed universities to larger cross-discipline organisations.

Whilst each of our projects are tailored precisely to our clients' needs, some or all of the following may be included:

- **Strategies for improving leadership & management.**
- **Targeting improvement of the student experience.**
- **Enhancing the learning & teaching environment.**
- **Widening participation & supporting fair access.**
- **Employee engagement & how to cultivate skills.**
- **Government policy & programmes strategy alignment.**
- **Technology & data transfer strategies.**
- **Formation of social & business partnerships through strategic links between education & private enterprise.**
- **Staff development & training.**

Projects – Established Teaching & Consultancy Expertise

At CES we have built a team of experts who have a reputation for completing projects on time, on budget and to an exceptionally high standard. CES and its consultants have been involved in a wide variety of education development projects and initiatives in a range of sectors. This scope of combined, cumulative qualifications, experience and skills allows CES to do what it does and do it well.

We have included below a small selection of some of our recent projects and clients to enable you to see just some of our competence.

A selection of clients our consultancy team have worked with:

UK	International
<ul style="list-style-type: none"> • Barton Peveril College • Dame Alice Owens School • Farnborough Sixth Form College • Hereford Sixth Form College • Higher Education Academy • Itchen Sixth Form College • Peter Symonds' College • Truro School • University of Winchester 	<ul style="list-style-type: none"> • Rabat Spanish School, Morocco • Madrid Language School • Polytechnic University of Valencia • University of Alcalá de Henares, Madrid • Catholic University of Ecuador • Riyadh Polytechnic, Saudi Arabia • La Casa de Idiomas Language School, Valencia • General Organisation for Technical Education and Vocational Training (G.O.T.E.V.O.T.), Saudi Arabia
